Oscar Byiringiro

Software developer

I am passionate coder, I love to program and I have do so far for 5000 hours over the past years I'm great at knowing the right algorithm for a problem because I read computer science literature constantly I love working with people to do things bigger than I could accomplish alone. I am highly skilled in python and Django I worked on many project related with Django and Computer vision and I am still learning and willing to learn new technology much as possible
